

KITCHEN CABINET REFACING

Your new dream kitchen at a fraction of the cost.

Save thousands with a custom kitchen reface by true craftsmen!

- 15 doors, 5 drawer fronts
- Level 1 door designs
- Doors up to 32" tall, drawer fronts up to 27" wide
- Includes re-laminating cabinet exteriors
- Standard colors
- Includes new hinges and standard knobs or handles
- Other restrictions apply
- For a limited time only

Thermofoil: Durable, beautiful and a favorite among kitchen designers, Thermofoil opens a world of possibilities. Pick a color, choose a design, and voila...you've got a beautiful new kitchen at a beautiful low price.

Refacing is essentially a 4-step process that, when done by true professionals, looks like a brand new kitchen from the ground up. Not only do you save thousands, a typical refacing job takes less time to do. You'll be back up and cooking in no time!

STEP 1:

Goodbye old kitchen: Old doors, drawer fronts and hinges are removed.

STEP 2:

Hello beautiful new custom doors, drawer fronts, and designer hardware.

STEP 3:

Go for a fresh new color scheme with existing cabinets laminated to match.

STEP 4:

The result: a gorgeous new kitchen that costs up to 40% less than a full kitchen remodel!
